

Institutions that reported data together (on any of the IPEDS surveys) for any year between 2006 and 2011 have been grouped together for *all* those years to maintain consistency of the data for the time period shown in TCS. The following list of grouped institutions includes all institutions that have reported data with another institution at some point since 2006, even if an institution no longer exists. The institution listed at the top of the grouping is the "linchpin" institution used to provide the institutional characteristics of the grouping.

The original set of groupings (shown in prior versions of TCS), combined data from institutions that reported together (on any of the IPEDS surveys) for any year since 1987; those groupings continue to be used for the calculations in the US tables, but the institutional comparison and snapshot tables show data based on the 2006-2011 groupings. In FY2011, IPEDS began using the updated 2010 Carnegie Classification, and the Delta Database table below reflects this new classification.

Listing of "grouped" institutions in the Delta Cost Project IPEDS database (2006-2011, 6-year groupings)

State	TCS Name	Linchpin Carnegie Sector	Grouped Institutions	Carnegie (2010) Sector
AR	Harding University	private master's	Harding University	private master's
			Harding University Graduate School of Religion	private specialty
AZ	Arizona State University	public research	Arizona State University at the Tempe Campus	public research
			Arizona State University at the Downtown Phoenix Campus	missing
			Arizona State University at the Polytechnic Campus	public master's
			Arizona State University at the West Campus	public master's
	Estrella Mountain Community College	public associate's	Estrella Mountain Community College	public associate's
			Southwest Skill Center-Campus	missing
Gateway Community College	public associate's	Gateway Community College	public associate's	
		Maricopa Skill Center	missing
